Harbor Community Health Center, Hyannis Has “Landed” at New Location on Attucks Lane, Hyannis

HYANNIS — On Tuesday, June 3, 2014, Harbor Community Health Center-Hyannis opened the doors to medical and dental patients at its new address at 735 Attucks Lane, Hyannis. An in-house clinical and retail pharmacy is expected to open in fall of 2014. The center as well as a recently opened satellite site in Plymouth and the Ellen Jones Community Dental Center at Cape Cod Regional Technical High School in Harwich, are part of Harbor Health Services, Inc., which has corporate offices in Mattapan.

The relocation from Elm Avenue will better equip the nonprofit community health center to meet the critical demand for access to affordable health care in the mid-Cape area. With 16 exam rooms and more than 15,000 square feet of medical space, the move will allow for a considerable increase in the number of patients served. The new site offers room for a number of additional services including but not limited to pediatrics, behavioral health services and case management and offers outstanding accessibility.

The interior decor of the health center’s newly refurbished site features an ocean-based theme, with a blue and green color scheme and wavy glass and tile work. The new address is located just off Independence Drive, just east of the Cape Cod Cooperative Bank in the section of Attucks Lane leading towards the Cape Town Plaza area. It is located on the regular bus routes for the Cape Cod Transit Authority, and there is ample free parking. The building has its own exterior entrance and signage to direct visitors.

The total cost of the project was approximately \$7.4 million, with the federal share of the funding approximately \$4.5 million.

About Harbor Community Health Center-Hyannis:

Harbor Health Service, Inc. (HHSI) is the parent organization for Harbor Community Health Center-Hyannis, and Ellen Jones Community Dental Center (EJCDC), Harwich. HCHC-H and ELCDC provide high-quality medical, dental and social services to patients in Barnstable County and throughout Cape Cod. In addition to serving low-income communities, new immigrants and marginally-insured patients, the centers assist members of the business community, including those who are self-employed, uninsured or under-insured, and their employees to find health care options and answers.
