Harbor Community Health Center-Plymouth Announces New Extended Hours

PLYMOUTH —Harbor Community Health Center-Plymouth is pleased to announce that its medical and dental clinical hours have been extended to include Monday evenings until 8:00 p.m. “We chose to be open for additional hours on Mondays as a result of a survey of our patients’ needs,” says Executive Director Nancy Bucken. “We hope this will increase our accessibility to those who have not been able to schedule visits during the day.” After a trial period in order to access feedback, it is likely the center will extend evening hours to other days as well.

Harbor Community Health Center-Plymouth opened its medical and dental clinics at Cordage Park in March, 2014. The center is a public health agency committed to providing comprehensive health care to residents of Plymouth County and offers easy access to comprehensive family medicine and dental services, and accepts Free Care, MassHealth, and all major commercial insurances. Individuals having no insurance and looking for primary care and dental services are welcomed and a financial counselor is on staff to assist individuals with enrollments.

About Harbor Community Health Center

Harbor Health Services is the parent organization for the Harbor Community Health Center-Plymouth, as well as Harbor Community Health Center-Hyannis and the Ellen Jones Community Dental Center, located in Harwich. Together, these nonprofit public health agencies provide high-quality medical, dental and social services to patients in Plymouth and Barnstable Counties. In addition to serving low-income communities, new immigrants and marginally-insured patients, the centers assist members of the business community, including those who are self-employed or under-insured, and their employees find health care options and answers. Patients have access to: laboratory services, as well as community based programs focusing on youth and issues that impact the overall health of the community, health and nutrition education, and social and interpreter services, including financial counseling and assistance enrolling in health care coverage.
